

AQTIVATE

European Joint Doctorates

SCAN ME

Expected starting date: October 2023
Application deadline: 23rd of
December 2022

About AQTIVATE

The research areas of
AQTIVATE are the following:

- Lattice QCD
- Quantum Computing
- Computational Biology
- Computational Fluid
Dynamics
- Mathematical Modelling
and Algorithms

Why AQTIVATE

- ❖ 15 PhD Fellows will receive a joint PhD degree from two excellent research groups in the focused area from Cyprus, France, Sweden, Italy and Germany
- ❖ An attractive remuneration package, and mobility and family allowances
- ❖ International settings with candidates recruited worldwide providing high-level training in simulation, machine learning and quantum computing

This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie Doctoral Networks action and grant agreement No. 101072344

For further information on admissions, requirements and eligibility criteria please visit the AQTIVATE website <https://aqtivate.ucy.ac.cy> or contact the AQTIVATE Project Office at aqtivate-project@cyi.ac.cy
